Description ...

To be part of a committee that celebrates the neighborhood is truly fun! This committee handles the CIDNA's annual picnic known as its "Fall Festival" held in Park Siding Park. This event generally occurs on the 3rd Sunday afternoon in September. This beautiful neighborhood park presents an ideal outdoor setting where it has attracted several hundred people in one afternoon.

Besides the fun enjoyed by many, the CIDNA Fall Festival serves to bring CIDNA residents and families together so as to become further informed on neighborhood, city, and state activities, as well as form new acquaintances.

Judy Berge's energy as the 'chief organizer' has been behind this event for years. However, good events need support. Judy does appreciate assistance to pre-plan, brainstorm, and handle date-of-festival duties, implement, and scheduling for the attractions for children and adults.

Importantly, the committee needs many volunteers to help out on the day of the event. Volunteers receive assigned times for short, 1/2-hour shifts that day. These shifts include supervising the moonwalk and fire truck rides, tending the food tables, and various other tasks as needed.

It's a great way to meet your neighbors!

Judy welcomes CIDNA residents to contact her by email as listed here on this web page.

This popular committee welcomes residents to "join-in" so the Fall Festival continues as your neighborhood's successful signature event.
